

## Upgrade your bulk storage and gain access to the latest Autogas equipment.

The CHS Storage for Pennies program offers propane dealers affordable access to the increased storage capacity and the latest Autogas dispensing equipment they need to meet the changing demands of their operations.

### How It Works

With the CHS Storage for Pennies program, approved customers can lease-to-own new bulk propane storage and Autogas dispensers without the burden of costly upfront expenses.

CHS will help you choose from a variety of equipment with features customized to fit your unique operation. Our experts will assist with contractor evaluation and selection, and oversee the financing, permitting, construction and installation.

The annual lease payment is conveniently divided and included in the price of propane purchased from CHS - only fractions of a cent per gallon. CHS also offers flexible lease-to-own terms ranging from three to 10 years.

### Benefits

- Reduce debt load by preserving working capital
- Alleviate supply interruptions with increased storage capacity
- Gain potential tax benefits
- Take advantage of savings by filling during times of off-peak demand

To qualify for the CHS Storage for Pennies program, equipment must be purchased through CHS Energy Equipment or a CHS preferred vendor. For more details call **(800) 852-8186, press 1**.

### Calculate Your Return on Investment

Use the new ROI calculator on MYCHS.com and see how the CHS Storage for Pennies program will contribute to your bottom line. Contact CHS Energy Equipment to get started today.

### CHS Storage for Pennies annual cost example based upon a typical stand-alone 30,000 bulk plant build of \$135,000\*
